Math

I. ACTIVITY ON NUMBERS

Take small chits of 10 papers. Write numbers 0 to 9 on those chits. Fold the chits so that the number gets closed. Now throw the chits and ask your mother or father to pick one. Tell them to give hints to guess the number. (For example if 6 is the number they should give a hint as 2x3). Once the number is identified note it down in your note book. Repeat the same for three more times and

- 1) write the four digit number formed in words.
- 2) Write the predecessor and successor of the number formed.
- 3) Rearrange the digits to form a new number.

II. FUN WITH SHAPES.

Use only the shapes given in the grid and fill the rest of the boxes in such a way that every shape occurs only once in any row or column.
